DGA - Tye Dye Shockwave - Midrange Driver

Price per Unit (piece): \$17.99

The DGA® Shockwave™ is a deadly accurate overstable midrange driver that can be used to park drives and will make an impact on your approach game.

This disc provides a long flat flight pattern while being overstable enough to not flip over in the wind. The Shockwave has true pin point accuracy with just the right amount of speed and glide to become your main midrange disc.
