### Gateway - Sure Grip Blaze - Fairway Driver Disc

**Price per Unit (piece): \$10.00**

The Gateway Blaze is an overstable driver. A fast driver with a low profile makes the Blaze a "go to" disc when you need a clean predictable drive with a left fade finish. Great for hard fade shots, knife hyzers, s-curves, and skip shots, the Blaze holds its line into headwind with a strong, predictable finish. This disc is also a good choice for sidearm and overhand throws.

21cm diameter, up to 140-175g
